## NETWORK TECHNICIAN ASSOCIATE

**2017-18-pending**

**Class Meets:** Monday - Friday  
**Class Time:** 8:00 am to 3:00 pm  
**Instructor:** Nicholas Alexander  
**Time:** 1050 hours - 9 months

This major builds skills in the development, installation, operation, and management of medium-sized networks which include components such as routers and switches. Curriculum will also cover wireless networking concepts and comprehensive network security measures. In addition, students learn to install, configure, maintain and manage a server environment. This career major builds knowledge and technical skills required for obtaining industry certifications in Cisco Certified Entry Level Technician, Cisco Certified Network Associate, CompTIA Network+, Security+, as well as Microsoft Certified Technology Specialist (MCTS), and Microsoft Certified IT Professional: Server Administrator.

### TUITION
