

NETWORK AND COMPUTER SYSTEMS ADMINISTRATOR 2018-19

Class Meets: Monday - Friday

Instructor: Nicholas Alexander

Class Time: 8:00 am to 3:00 pm

1050 hours - 9 months

This major develops skills in the design, develop, management, and maintenance of enterprise environments that encompass integral network infrastructure components such as client stations, routers, switches, and firewalls. In addition, students learn to install, configure, and manage midsize to enterprise level desktop support environments. Comprehensive network security measures will be integrated throughout the course for purposes of hardening networks and end devices. Course curriculum will expose individuals to collaborative video/voice end devices and wireless devices. This career major builds knowledge and technical skills required for obtaining eight industry certifications.
