A satellite school in Frederick for Tillman & Kiowa Counties was completed in the fall of 1991.

Revised 5-17-18
I am proud to welcome you to Great Plains Technology Center – a school that holds a special place in my life. In 1976, I stood where you are now. I, too, came to Great Plains as a high school student. To this day I use skills that I learned in my occupational program. I also gained leadership skills in my career and technical student organization, competed in skills contests and served as a class officer. Great Plains set my feet on a path of opportunity that led me to where I am today.

I challenge each Great Plains student to proudly pursue your specialized occupational training. We have the best subject matter experts to teach and coach you and have surrounded you with a supportive, caring staff that wants you to succeed.

Give Great Plains your time and attention. Set goals for yourself. We are here to help you succeed now and in the future. Take advantage of our open-door policy to talk to us about your experiences here. May your school year build skills for your future and pride in your accomplishments.

Clarence Fortney

Statement of Appreciation

The Great Plains Board of Education expresses sincere thanks to the citizens of the community and to the professional staff for their cooperation in maintaining quality educational programs for the youth and adults of this community.

The Board of Education is also extremely proud of those students who take advantage of the educational opportunities in the Great Plains district and by so doing, become contributing members of our democratic society.

Statement of Philosophy

The Board of Education recognizes that society is faced with many complex social problems. Public school education is deeply involved, not only in the solution of such problems, but also in an effort to operate schools effectively despite the social unrest throughout the world today.

The Great Plains Technology Center is responsible for maintaining a quality education program for its students. The Great Plains Technology Center Board of Education therefore adheres to the following statements.

VISION

Great Plains Technology Center offers valuable career education for every person, business and organization.

MISSION

Our mission is to prepare individuals for success in work and life, serving as a driving force for economic development in Southwest Oklahoma.

CORE VALUES

We are committed to the communities we serve.

We are ethical and accountable for our decisions and actions.

We are dedicated to promoting economic development in Southwest Oklahoma.

CORE BELIEFS

GPTC believes in the unity of the school and the communities it serves.

GPTC believes lifelong learning promotes economic advancement for its students and communities we serve.

GPTC believes stakeholders are integral to improving programs and services.

GPTC believes employability skills, technical competence, and academic rigor are essential for student success.

GPTC believes we prepare our students to be among the most highly skilled workers in the world.
Statement on Integrating Academics

There is a growing recognition that the future workplace will require new and different skills for all works. A study from ACT shows that high school students entering workforce training programs after graduation need academic skills similar to those of college-bound students. Not only will workers require job-specific skills, but workers will need transferable skills that will help them to acquire further education and training throughout their careers. Integrating academic and vocation/technical skills will only make the student more knowledgeable in high school, but will make them more knowledgeable in how to compete in a global economy filled with up-to-the minute technology and a demand for high-level worker skills. Processing problem-solving abilities, higher-order thinking skills, and communication/employability skills are crucial for work in today’s global economy. Unfortunately, far too many students leave high school inadequately prepared, both academically and vocationally, for a lifetime of sustained working and learning.

The integration of academic and career tech education is nation-wide school improvement effort that places more attention on the skills and knowledge students need to successfully transition from school to work and/or college. The Carl D. Perkins Vocational and Technical Education Act provides federal resources to help ensure that career and technical programs are academically rigorous and up-to-date with the needs of business and industry. It is highly recommended that all high school students experience a common academic program that prepares them for both college and workforce training, especially in the areas of math and reading skills. The integration of academic and career tech education at the Great Plains Technology Center offers an excellent opportunity to successfully effect change in an educational system that is committed to better preparing students for the future, whether they are academic or career-focused.

Statement of Responsibility

In order to achieve these goals, the Great Plains Technology Center Board of Education is obligated to develop policies that will allow all students to be educated in an orderly environment, free from those disruptions which interfere with the learning process.

The Campus Director/Principal is encouraged to involve staff, students, and parents in an advisory capacity. However, since the Campus Director/Principal's responsibilities and authority are vitally related to the successful operation of the school, the Great Plains Technology Center Board of Education does not expect the Campus Director/Principal to relinquish the authority to make decisions. Within the bounds of law, policy, and directive, the Campus Director/Principal can delegate authority to members of the professional staff, who also become an important part of the school operation.

The Campus Director/Principal is charged with assuring compliance to the school code on matters involving all students. In his/her absence, the following will have the authority to act on behalf of the Great Plains Technology Center (GPTC) on matters involving code:

Statement on Meningococcal Disease

State Statute 70-3243 requires public/private postsecondary educational institutions to provide information on the risks associated with meningococcal disease and the benefits of the vaccination. Meningitis is an inflammation of the membrane which surrounds the brain. Left untreated, it can cause seizures, coma, lasting disability and even death. Health professional are recommending that students receive the meningitis vaccine. This section of the Student Code represents Great Plains Technology Center’s formal policy regarding confidentiality of student information and the annual notification to parents of such policy, and is in compliance with 1988 federal regulations issued under the Federal Family Educational Rights and Privacy Act (FERPA) of 1974.

1.1 **Definitions:**

   Student records shall be defined as any materials, to include education and cumulative behavior records concerning individual students, maintained by the school board or its employees, except personal notes and class assignments kept on file by school personnel solely for their own use and not communicated to any other person.
   
   The cumulative behavior records shall be in a form approved by the Superintendent and shall only include the nature of the student’s violation of the Student Code and the resulting disposition.
   
   All students records shall be available to a student’s parent(s) or guardian(s) and to students who are eighteen (18) years of age or older.

B. **FERPA**

C. **Eligible Student**
   An eligible student is an student who is 18 years of age or older. The statute provides that when the student becomes 18, all rights under the ACT transfer from the parent to the student. However, the parent of an 18-year-old who is a dependent under IRS regulations may review the student’s educational records without the prior consent of the student.

D. **Directory Information**
   In compliance with FERPA policy, the following items are considered directory information: student’s name, address, telephone number, parent’s name, address, telephone number, field of study, class, enrollment status, photograph, grade level, anticipated completion date, participation in officially recognized activities, certifications and awards received, most recent previous educational agency or institution attended by the student. Great Plains Technology Center may disclose any of the above listed items without the student’s prior written consent, unless the Office of the Registrar is notified in writing to the contrary. All other student academic information is considered confidential and will not be released, with certain exceptions, without the student's written permission. GPTC may provide access to a student’s education records to a third party only as provided in FERPA and GPTC policy.

E. **Legitimate Educational Interest**
   Legitimate educational Interest is considered to be any matter or reason integrally related to academic performance, grade-level classification, and a schedule of subjects, attendance, attitude, behavior, health or safety of a student. A legitimate educational interest is also served when common sense indicated access to the student’s education information is necessary for the health and safety of others.

F. **Disclosure**
   Disclosure means permitting access or the release, transfer or other communication of education records of the student of the personally identifiable information contained therein, orally or in writing, or by any other means to any party.

1.2 **Right to Inspect and Review Records**
   The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include the right to inspect and review the student’s education records within 45 days of the day the Tech Center receives a request for access.
   
   A student should submit to the Campus Director/Principal a written request that identifies the record(s) the student wishes to inspect. The Campus Director/Principal will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Tech Center official to
whom the request is submitted, that official shall advise the student of the correct official to whom the request should be addressed.

1.3 Right to Request Amendment to Records
A student has the right to request the amendment of the student’s education records that the student believes are inaccurate, misleading, or otherwise in violation of the student’s privacy rights under FERPA.

A student who wishes to ask the Tech Center to amend a record should write the Tech Center official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the Tech Center decides not to amend the record as requested, the Tech Center will notify the student in writing of the decision and the student’s right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

1.4 Right to Consent to Release Confidential Information
The right to provide written consent before the Tech Center discloses personally identifiable information from the student’s education records, except to the extent that FERPA authorizes disclosure without consent.

The Tech Center discloses education records without a student’s prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the Tech Center in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the Tech Center has contracted as its agent to provide a service instead of using Tech Center employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Education; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the Tech Center. Upon request, the Tech Center also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

In the event of an emergency, Great Plains Technology Center may implement its Emergency Management and Emergency Communications Response Plans. The plans utilize a variety of communication channels including the campus public address system, telephone calls, and face-to-face contact. Great Plains may also choose to use its student/parent/staff instant notification system, SchoolMessenger. A. The matter should immediately be reported to the principal. If the bullying involved an electronic communication, a printed copy of the communication as well as any identifying information such as email address or web address shall be provided to the principal. As much detailed information as possible should be provided to the principal in written or oral form to allow for a thorough investigation of the matter.

B. Upon receipt of a written or oral report, the principal shall begin an investigation to determine the severity of the incident and the potential for future violence.
C. If, during the course of the investigation, it appears that a crime may have been committed, the principal or his designee shall notify local law enforcement and request that the alleged victim also contact law enforcement to report the matter for potential criminal investigation.

To report a bullying incident, students are encouraged to contact an instructor, counselor, administrator, or any school personnel.

2.4 Sexual and or Racial Harassment of Students

The policy of this school district forbids discrimination against, or harassment of any student or staff on the basis of race, color, national origin, sex, and disability. The Great Plains Technology Center Board of Education will not tolerate sexual and or racial harassment by any of its employees or students. The policy applies to all students and employees including non-employee volunteers whose work is subject to the control of school personnel. A separate policy applying to sexual and or racial harassment of employees has been developed.

Sexual and/or Racial Harassment for the purpose of this policy:

A. Sexual harassment includes verbal or physical sexual advances, including subtle pressure for sexual activity; touching, pinching, petting, or brushing against; comments regarding physical or personality characteristics of a sexual nature; and sexually-oriented “kidding”, “teasing”, double meanings, and jokes.

B. Demeaning comments about a student’s ability to excel in a class historically considered a non-traditional enrollment subject, privately talking to a student about sexual matters, hugging or touching a student inappropriately may constitute sexual harassment.

C. Writing (graffiti) which names a student or otherwise identifies a student is potentially slanderous and constitutes sexual and or racial harassment. Graffiti of any kind will not be tolerated on school property. The Campus Director/Principal is directed to cause any graffiti or unauthorized writings to be removed immediately.

D. Racial harassment includes verbal comments regarding physical or personality characteristics of a racial nature, kidding, teasing, double meanings, and jokes.

Specific Prohibitions:

A. Administrator and Supervisors

(1) It is sexual harassment for any Great Plains Technology Center employee to use his or her authority to solicit sexual favors or attention from students.

Any romantic or sexual affiliation between school personnel and students, including students who have reached the age of majority (21), during school hours will have a negative impact on the educational process and shall constitute a violation of school policy. Such violations may result in suspension of the student and suspension or termination for the employee. Any sexual affiliation between teachers and students under the age of 21 may constitute a crime under state or federal law.
Report, Investigation, and Sanctions:
A. It is the express policy of the Great Plains Technology Center Board of Education to encourage student victims of sexual and or racial harassment to come forward with such claims. This may be done through the Sexual and or Racial Discrimination Grievance policy.

   (1) Students who feel that administrators, supervisors, support personnel, teachers, or other students are subjecting them to sexual and or racial harassment are encouraged to report these conditions to the appropriate administrator or teacher. If the student’s immediate administrator or teacher is the alleged offending person, the report will be made to the next higher level of administration or supervision, or to any responsible adult person.

   (2) Confidentiality will be maintained and no reprisals or retaliation will be allowed to occur as a result of the good faith reporting of charges of sexual and or racial harassment.

B. In determining whether alleged conduct constitutes sexual and or racial harassment, the totality of the circumstances, the nature of the conduct and the context in which the alleged conduct occurred will be investigated. The Campus Director/Principal has the responsibility of investigating and resolving complaints of sexual and or racial harassment.

C. Any employee found to have engaged in sexual and or racial harassment of students shall be subject to sanctions, including, but not limited to warning, suspension, or termination, subject to applicable procedural and due process requirements.

2.6 Students who have been suspended or expelled are not to ride school buses, nor to be present at any school-sponsored activity or on any school premises of Great Plains Technology Center or their partner school of record.

The following is a list of optional disciplinary actions, which school administrators may impose for violations of the Student code of the Great Plains Technology Center. The order in which this list is written is not sequential, but optional, with appropriate disciplinary action to be selected as required by each particular case. The purpose of this policy is to provide a clear and concise message to students, parents, and the schools population as a whole; that the use, possession, distribution, sale or being under the influence of alcohol, illegal drugs, or look-alike drugs will not be tolerated in school buildings, on school property, at school-sponsored events, and on school buses.

When any of the conduct described in this paragraph (3.2) occurs during school time, on school premises, or during school-sponsored activities, district action will be independent of police or court action and could result in suspension, expulsion, denial of privilege to drive any vehicle on school premises, or recommendations for outside treatment.

School personnel will immediately notify the appropriate Administrator when they reasonably believe a student to be under the influence or in possession of alcohol, unlawful drugs, controlled substances, hallucinogens/inhalants or drug...

5.1 Informal Conference
Upon it being brought to the attention of the Administrator that a student has allegedly committed certain acts in violation of the Student Code, an informal conference will be held between the student and the Administrator.

At this conference the student shall be informed of the specific provisions of the Student Code that the student is accused of violating and will be advised specifically as to the nature and basis of the accusation. In the event the student denies these charges, school authorities will explain the evidence they have and give the student an opportunity to add information or to explain the charges brought against him/her. After discussing the charges in detail and considering any explanation furnished by the student, the Administrator shall determine if the student is, in his/her opinion, guilty of those charges and if he/she so determines, the Administrator shall have the authority to administer a temporary suspension for whatever time period he/she deems is warranted, taking into consideration the severity of the violation, up to a maximum of ten (10) days. The conference shall be held in such a manner as to assure that the determination made has been made fairly and impartially. Written notes containing dates, times, involved parties, and other relevant information will be made by the Administrator and become a part of the student file.

A. In the event the student is a secondary student, the Campus Director/Principal or his/her designated representative should make a reasonable effort to contact the parents(s) by telephone, stating the specific act(s) for which the temporary suspension was ordered and the length of the suspension. The parent(s) should be invited to discuss the reasons for the suspension with school officials at this time. If the parent(s) cannot be contacted by telephone, then the Campus Director/Principal or his/her designated representative should mail a notice
setting forth the above information and encouraging the parent(s) to contact the Campus Director/Principal to discuss the matter.

5.2 Right to Appeal
The student shall be informed of his/her right to appeal the decision. The appeal process does not apply to academic termination. The appeal hearing and the procedure to be followed shall be set forth in paragraphs 6.5, 6.6, 6.7, and 6.8, of the Student Code. The student shall continue to participate in regular classroom instruction pending the hearing if he/she properly and timely files an appeal request unless the suspension is for three (3) days or less. A student is expected to make progress toward satisfactory completion of his/her Course of Study to be eligible for continued enrollment and be up to date with payments of tuition and fees.

The student may change to another Course of Study with the permission of the Campus Director/Principal and the instructor in the course into which he/she is changing. A student who fails to attend class regularly or otherwise demonstrates a lack of appropriate concern for satisfactory progress and conduct will be terminated from the school. The appeal process does not apply to academic terminations. Any student may apply for reinstatement at the beginning of a new semester. Re-entrance after reasonable assurance of improved trainee attendance and effort will be on a space available basis, and will require administrative approval. Re-entrance after two (2) dismissals for excessive absences will be considered on an individual basis.

5.4 Right to Make Up of Work
Students who are suspended from school will be allowed to make up work missed under suspension. The homework and all regularly scheduled tests must be made up within the same number of days of suspension after the student returns. The grade will be lowered one letter grade from the grade earned. The student will receive no credit for work not made up on this time schedule. (The Campus Director/Principal must approve exceptions to this policy.)

6.0 Expulsion
The Administrator may recommend expulsion, which shall be defined as exclusion from regular classroom instruction for any period exceeding ten (10) days, when a student violates one or more of the Student Codes, or in the case of Health related programs, their respective handbook policies. The appeal process does not apply to academic termination.

6.1 Secondary Students
If the Administrator contemplates expulsion, he/she shall mail within three (3) days of the alleged act(s), a notice of an informal hearing to the parents(s) or guardian(s) of the student. Such notice should contain:
A. The time and place of the hearing;
B. A description of the proposed action;
C. A description of the school regulations(s) allegedly violated by the student and act(s) allegedly committed by the student; the informal hearing shall be no sooner than three (3) days from the date the notice is postmarked unless both parties agree to an earlier hearing. The parents(s) or legal guardian(s) are encouraged to fully participate in this hearing.

Adult Students
If the Instructor or Program Director recommends expulsion of a student, the Administrator will conduct an informal hearing with the student, instructor and other school personnel deemed necessary by the Administrator conducting the hearing. This hearing may be held as quickly as deemed possible by the Administrator. The student will be furnished in writing a copy of the following information:
A. A description of the proposed action;
B. A description of the school regulation(s) allegedly violated by the student and act(s) alleged committed by the student.

The right to appeal is explained in paragraphs 6.5, 6.6, 6.7, and 6.8 of the Student Code. If the alleged violation of the Student Code is such that expulsion is contemplated, the informal conference set forth in paragraph 6.1 is not required. Written notes containing dates, times, involved parties, and other relevant information will be made by the Administrator and become a part of the student file.
6.2 **Right to Attend Class Pending Hearing**
Unless the student is suspended under the provision of paragraph 7.0 or paragraph 2.2 for three (3) days or less, he/she shall continue to participate in regular classroom instruction pending the hearing.

6.3 **Right of Parental Contact by Administrator**
The Administrator should make an effort to contact the parent(s) of students under 18 years of age, by telephone, to communicate directly the information contained in the written notice.

6.4 **Length of Expulsion**

6.8 **Second Appeal Hearing**
The Deputy Superintendent or designee will be the Hearing Officer for the second appeal. The Hearing Committee shall hear the evidence and determine if there was sufficient evidence to find that the alleged violation occurred and if the penalty imposed was appropriate for the violation. After deliberation, the Hearing Committee will recommend that the Hearing Officer uphold, overturn, or offer an amendment to the expulsion. A recording or verbatim transcript shall be made.

6.9 **Decision by the Hearing Officer**
The Hearing Officer, after considering all evidence and the Hearing Committee’s recommendation to uphold overturn or amend the expulsion, will render a decision within two school days and will do so in writing.

7.2 Termination of Suspension
An emergency suspension shall terminate when it is reasonably determined that the student’s presence in the school will not result in a situation warranting emergency suspension under paragraph 7.1. This suspension should not exceed three (3) days unless the Administrator commences the notice and hearing procedure provided in paragraph 6.1 for expulsion or an informal hearing is held for temporary suspension under the provisions of paragraph 5.1.

7.3 Contact of Parent/Guardian Upon Suspension
The Administrator shall make a reasonable effort to contact the parent(s) or guardian(s) of a secondary student by telephone, stating the act(s) for which the suspension was ordered and the parent(s) should be invited to discuss the reasons for the suspension. If the parent cannot be contacted by telephone, a written notice should be mailed.

8.0 Grievance Procedure
In the course of occupational and technical education at Great Plains Technology Center, the student shall have the opportunity for contesting any action, grading, or evaluation made by administration, faculty, or staff of Great Plains Technology Center in a grievance hearing, if so desired. It is also the student’s right to terminate an informal process at any time and begin the formal process. A student may contact Council on Occupational Education as noted on page 4. 10.0 **Distribution Of Printed Material**

10.1 **Process For Distribution of Printed Material**

No printed matter or literature may be distributed on any property of the Great Plains Technology Center without the prior approval and consent of the school officials authorized by the Great Plains Technology Board of Education to make decisions in such matters.

11.0 **Trespassing On School Property**

11.1 **School Policy on Trespassing**

City of Lawton Ordinance (section 15-82) states that all persons who enter the premises of public property without permission are guilty of trespassing. Therefore, it shall be the policy of the Great Plains Technology Center Board of Education that the Superintendent strictly enforce the provisions of Title 70 Oklahoma Statutes, Sec.24-131, pertaining to the removal or persons out of the school building and off school property when it appears that the present of such person is a threat to the peaceful conduct of school business and school classes.

11.2 **Visitation In Classroom**

Classroom visitation is encouraged during those times designated for this purpose. Activities are usually planned for special occasions. Frequent or prolonged visits by a large number of persons, however, can have a disruptive effect upon both the instructional program and the learning environment of the school.

Therefore, it is requested that all visitors to classrooms register in the school office and state the purpose of their visit. The Administrator shall have the prerogative to approve or disapprove the visit. If, in the judgment of the Administrator, the visitation is not in accordance with this procedure, he/she shall ask the visitor or visitors to leave the campus. If they do not leave, the Administrator may invoke City of Lawton Ordinance 15-40.

12.0 Searches

12.1 Conditions for Searches or Detaining Of Students
The Administrator, teacher, or security personnel of Great Plains Technology Center, having reasonable suspicion, shall have the authority to detain and search or authorize the search, of any pupil or property (to include privately owned vehicles) in the possession of the pupil when said pupil is on any school premises, or while in transit under the authority of the school, or while attending any function sponsored or authorized by the school, for:

A. dangerous weapons,
B. controlled dangerous substances, as defined in the Uniform Controlled Dangerous Substances Act,
C. intoxicating beverages, and non-intoxicating beverages, as defined by Section 163.2 of Title 37 of the Oklahoma Statues,
D. portable audio/video and photographic devices, or
E. for missing or stolen property if said property is reasonable suspect to have been taken from a pupil, a school employee or the school during school activities.

12.2 Conduction of Searches
The search shall be conducted by a person of the same sex as the person being searched and shall be witnessed by at least one other authorized person, said person to be of the same sex if practical.

The extent of any search conducted pursuant to this section shall be reasonably related to the objective of the search and not excessively intrusive in light of the age and sex of the student and the nature of the infraction. In no event shall a strip search of a student be allowed. No student's clothing, except outerwear, may be removed prior to or during the conduct of any warrantless search.

The Administrator or school personnel searching or authorizing the search shall have authority to detain the pupil to be searched and to preserve any of the defined items above which might be in the pupil's possession including the authority to authorize any other persons they feel necessary to restrain such pupil or to preserve any of the above defined items.

Any pupil found to be in possession of dangerous weapons, controlled dangerous substances, intoxicating and non-intoxicating beverages, or missing or stolen property may be suspended by the Administrator for a period not to exceed the current school semester and the succeeding semester. Any pupil suspended under this section may appeal any such suspension to the Great Plains Technology Center Board of Education.

12.3 Privacy Expectations
Pupils shall not have any reasonable expectation of privacy towards school administrators or teachers in the contents of a school locker, desk, or other school property. School personnel shall have access to school lockers, desks, and other school property in order to properly supervise the welfare of pupils. School lockers, desks, and other areas of school facilities may be opened and examined by school officials at any time and no reason shall be necessary for such search.

Book bags and/or backpacks are subject to search by school personnel at any time due to health and safety concerns related to the carrying of contraband (includes weapons).

If a pupil flees pending a search or destroys any property in the pupil’s possession prior to or after the search, this will be considered a serious violation of the Student Code, and punishment may be a minimum of a ten (10) day suspension.

12.4 Working Canine
Canine inspections of school property or property in the possession of the pupil, including automobiles, may be periodically conducted, and no reason shall be necessary for such inspections. Hand-held metal detectors may be used to search for dangerous weapons. Surveillance cameras will be used in shops, classrooms and other areas deemed necessary.

12.5 Student Refusal for Search of Vehicle
Any pupil refusing to allow the search of his or her vehicle by an Administrator after reasonable suspicion is established, will not be allowed to drive a privately owned vehicle on campus after said incident.

13.0 Vandalism
The Great Plains Technology Center Board of Education may prosecute to the full extent of the law any individual who willfully destroys, mutilates, or disfigures public school property of any kind. State law makes parents responsible for the willful destruction of property by their children.
14.0 **Drug Free Statement**

Using alcohol and other drugs carries risks. Alcohol and drugs impair your judgment, making you more likely to hurt yourself or others, to have trouble with the law, to do poorly at work and school, and to have relationship trouble. Alcohol and drugs also have specific health risks: They can damage major organs, increase your risk of cancers, and even cause death.

Drug and alcohol abuse treatment can be located using the National Substance Abuse and Mental Health Services Agency NATIONAL HELPLINE – 1-800-622-HELP (4357) or [https://findtreatment.samhsa.gov/](https://findtreatment.samhsa.gov/). GPTC does not sponsor any drug or alcohol counseling, treatment, rehabilitation or re-entry programs.

All students have a right to attend school in an environment conducive to learning. Since alcohol and other drug use is illegal and interferes with both effective learning and the healthy development of young people, the Great Plains Technology Center has a fundamental, legal and ethical obligation to prevent drug use and to maintain a drug-free educational environment.

Because of the extensive abuse of alcohol, tobacco, and drugs and their continuous promotion in our society, the Great Plains Technology Center provides drug education units, which are integrated within the standard curriculum. These units are necessary to prepare students for decision-making against drug and alcohol use.

Drug use, possession (including paraphernalia), and sale on the school grounds and at school functions will not be tolerated. Specific infractions and appropriate disciplinary actions are listed in the Great Plains Technology Center Student Handbook. Some possible actions include parental contact, suspension, or expulsion.

15.0 **Secondary Student Attendance Policy**

15.1 **Attendance**

Attendance is especially important in career tech education programs. Instruction cannot take place when students are not present. Prospective employers always want to know about the attendance practice of our graduates. At Great Plains Technology Center, students maintaining perfect attendance for the year will receive a Perfect Attendance PIN at the Awards Assembly held at the end of the school year.

15.2 **Tardies**

Students must be in class at the designated time or they will be counted tardy. The following schedule will be followed when applying tardies to the absence policy:

A. Any tardy up to one (1) hour in length will be equivalent to a .33 absence
B. Any tardy from one (1) hour to two (2) hours will be equivalent to a .66 absence.
C. Any tardy after two (2) hours will be equivalent to a full days (1.00) absence.
D. Tardies will also be assessed appropriately for leaving class early.

15.3 **Home School of Record Activity Report**

Approved partner school activities in which the student is a participant will be recorded as a class absence until the Home School of Record Activity Report (referred to as the Blue Card) and the required missed assignment is completed and turned in. The Home School of Record Activity Report (or verification by partner school) is required within three (3) school days of the absence and missed assignments must be completed within five (5) school days following the absence. It is the responsibility of the student to get the Blue Card filled out and returned to the Great Plains Technology Center instructor and missed assignments completed, otherwise the activity will remain an absence. Students are encouraged to obtain Blue Cards in advance of the school activity.

15.4 **Excused Absences**

Makeup of employability grades for excused absences will be allowed. If written documentation or phone call from a parent/guardian is not received by the Attendance Office within 5 days of the absence, the absence will be considered unexcused. Late documentation will not be accepted. It is the students’ responsibility to obtain and turn in the makeup work for excused absences within five (5) school days of the absence. If this is not done, a zero will be recorded.

The three (3) options for seat time makeup to be approved by the program instructors are:

1. Instructors will make their class or lab available between 3:00 and 3:45 p.m. for makeup work.
2. Reports pertaining to the subject being taught will be accepted as makeup (length and format to be determined by the instructor).
3. Participation in student organizational activities may be counted as makeup.
   - A maximum of three (3) makeups per 9-week period will be allowed.
   - The Campus Director/Principal or designee shall have discretionary authority to approve any makeup for days missed beyond the 5-day limit.
It is the parents’ responsibility to notify the Attendance Office of Great Plains Technology Center if their son/daughter will not be in attendance. The Lawton campus telephone number is 250-5600 or 1-800-244-1024 and the Frederick campus telephone number is 355-5525 or 1-800-460-5525.

Any student receiving an "N" grade for two (2) successive 9-week periods within the same semester may not be allowed to enroll for the next semester. Extenuating circumstances may be considered by the Campus Director/Principal or designee in the administration of this policy.

16.0 Secondary Student Grading Policy

The Great Plains Technology Center employs the following system for determining grades:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>90 - 100</td>
</tr>
<tr>
<td>B</td>
<td>80 - 89</td>
</tr>
<tr>
<td>C</td>
<td>70 - 79</td>
</tr>
<tr>
<td>D</td>
<td>60 - 69</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete</td>
</tr>
<tr>
<td>F</td>
<td>Below 60</td>
</tr>
<tr>
<td>N</td>
<td>No Grade</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawn</td>
</tr>
</tbody>
</table>

All Incompletes must be made up within 2 weeks.

If a student exceeds five (5) absences within a 9 week grading period and required makeup work is not completed (a maximum of only three (3) excused absences can be made up), they shall automatically receive a grade of "N" for that time period. Students who receive an "N" for attendance will be given a numerical grade of 59. If the earned average is lower than 59 they will receive the lower actual average.

17.0 Adult Student Attendance Policy

It shall be the adult attendance policy of Great Plains Technology Center to allow no more than eight (8) absences per semester (four (4) absences for summer semester). Makeup of seat time will be allowed up to 12 hours per semester for full time students and 6 hours for half time students. If a student exceeds the maximum number of absences with no seat time makeup, appropriate disciplinary action will be taken up to and including termination. Seat time makeup may be made up for documented absences with due dates determined by the instructor. Documentation should be turned in to the Full-time Adult Secretary and will be approved by the Campus Director/Principal. The Campus Director/Principal or Administrator for appropriate extenuating circumstances may waive this policy. Students receiving Federal Financial Aid and Veterans Administration benefits must maintain 90% attendance for each semester in order to continue receiving benefits. Any student who is a military reservist or National Guardsman that is called for active duty or drill duty will be granted a temporary leave of absence and can resume instruction upon return without penalty. Students not maintaining required attendance may be dismissed from the program and will not receive course credit. Variances from the above policy shall be addressed in the individual handbooks.

17.1 Tardies

Being to work on time is an important part of being employable, therefore, students must be in class at the designated time. Habitual and/or excessive tardies will result in the instructor not being able to recommend a student to a potential employer. Tardies count toward attendance as follows:

A. Any tardy up to one hour in length will count as 1 hour’s absence.
B. Any tardy from one hour or two hours will equate to 2 hours absence.
C. Any tardy after two hours will be equivalent to a full session’s absence (3 hours).
D. Tardies will also be assessed appropriately for leaving class early.
E. Tardies in excess of 10 per semester may result in dismissal.

17.2 Documentation

Documentation is not required to make up work or daily grades but is required for missing a test.

17.3 Temporary Interrupt

(Leaves of Absence) may be granted to students under certain conditions. Approval by the instructional leader or his or her designee is required in all such cases. If an adult student misses five (5) consecutive days of scheduled instruction without proper notification, his/her enrollment will be interrupted. If absences were due to sickness or other extenuating circumstances, the student may be reinstated upon approval of the Director of Instruction or his or her designee; if not, the interruption will be permanent for that grading period.

Written documentation of circumstances is required for this approval. Temporary interruptions will not exceed 20 school days. Note: (Temporary Interrupts with a 5 day maximum per semester may be allowed for extenuating circumstances in Advance Respiratory Therapist, Radiologic Technology, Surgical Technology, Business, Management and Administration Career Majors, Auto Service Technician, Teacher Prep and Information Technology Career Majors.)
18.0 **Adult Student Grading Policy**
The grading system for adult students will be as follows:

<table>
<thead>
<tr>
<th>Grade</th>
<th>Range</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>90 - 100</td>
</tr>
<tr>
<td>B</td>
<td>80 - 89</td>
</tr>
<tr>
<td>C</td>
<td>70 - 79</td>
</tr>
<tr>
<td>D</td>
<td>60 - 69</td>
</tr>
<tr>
<td>F</td>
<td>Below 60</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawn</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete*</td>
</tr>
</tbody>
</table>

- All Incompletes must be made up within 2 weeks.

**Variance from the above policy shall be addressed in the individual handbooks.**

19.0 **Repeated Courses**
A student may repeat up to four (4) courses or units as specified by the Course of Study in which the original grade was D or F and have only the second grade count in the calculation of the student’s retention grade point average. Students who repeat courses beyond the first four courses of D or F may do so with both the original grades and the repeat grades included in the calculation of the retention grade point average.

20.0 **Report Cards**
Grades of each secondary student will be sent to their partner high school for recording on the student’s transcript. The student’s partner school will then give out report cards according to their school schedule. Academic progress reports will be mailed to parent(s) and guardian(s) as the need arises. Adult grades are available, upon request, from their instructor.

21.0 **Transcripts**
Transcripts shall be requested in writing and submitted to the Registrar’s office located in Building 100, room 111. Transcripts may be issued on completed classes within 5 to 7 working days following the completion date of the class. No charge is assessed for transcripts and you may request up to 5 transcripts at one time. The Official Transcript Release Form is available at Great Plains Technology Center’s website at [www.greatplains.edu/everyone/transcript-request/](http://www.greatplains.edu/everyone/transcript-request/).

22.0 **Certification Testing**
Every student who has completed skill-related training for a career major, who has passed all related competency-based performance evaluations and who is considered ready to test by the instructor is required to take industry recognized/endorsed certification and/or licensure exam. With the approval of the program director, exceptions may be made if the policy poses a financial burden on the student.

23.0 **Requirements for Continuing Enrollment**
A student is expected to make progress toward satisfactory completion of his/her Course of Study to be eligible for continued enrollment and be up to date with payments of tuition and fees.

- The student may change to another Course of Study with the permission of the Campus Director/Principal. A student who fails to attend class regularly or otherwise demonstrates a lack of appropriate concern for satisfactory progress and conduct will be terminated from the school. The appeal process does not apply to academic terminations.
- Any student may apply for reinstatement at the beginning of a new semester. Re-entrance after reasonable assurance of improved trainee attendance and effort will be on a space available basis, and will require administrative approval. Re-entrance after two (2) dismissals for excessive absences will be considered on an individual basis.

24.0 **Withdrawal and Final Clearance**
All secondary students who wish to terminate their course of training must obtain a withdrawal slip from their home high school administrative office. This must then be signed by the Great Plains Technology Center’s Campus Director/Principal or designee in order to provide the student with a record of clearance from this school. Full-time adult students must fill out a Withdrawal form when withdrawing from a course. For full-time adult students the last date of attendance is considered the withdrawal date.

In order for students to officially “clear” at the end of the school year, and before a grade will be issued (“see below), it is the responsibility of the student to verify that they have done the following:

- A. Returned all school owned books;
- B. Completed all academic requirements;
- C. Returned all school owned tools;
D. Turned in Student Identification Badge;
E. Payment of all tuition & bills.
*Adult transcripts will not be issued until final clearance is completed.

25.0 Re-Admissions
Any student applying for re-admission to Great Plains Technology Center after withdrawing or having been dismissed shall seek permission from the Superintendent or their designee prior to re-admission.

26.0 Refunds (see refund definition below)
Refunds to post-secondary students in full-time adult programs at Great Plains Technology Center will be issued to the person from whom money is received and will be made as follows:
A. If a student withdraws the 1st day of class, refund is 100% of tuition paid.
B. If a student withdraws the 2nd through the 10th day of scheduled school days, refund is 75% of the tuition paid.
C. If a student withdraws after the 10th day of scheduled school days, there is no refund.
D. If a student has paid the entire program costs at the beginning of the school year and then drops, the unused portion of any future semester will be refunded.

A student’s Return to Title IV aid, for those who have received Title IV funds during the 2018/19 school year, is calculated in accordance with the Return of Title IV Funds law addressed in Section 47.11.

All adult students who withdraw from a program must complete a drop form in the Student Office, Room 111. No refunds will be made until cleared through the Student Office and the Financial Aid Office.

Refunds due will be processed automatically, without request from students, once all withdrawal procedures are complete.

Refunds will be made to the agency or person who paid the tuition/fee charges.

VA Beneficiaries: GPTC is required to report, without delay, the interruption or termination of attendance for individuals enrolled in an educational assistance programs administered by VA. VA beneficiary students may be in debt to the VA if they withdraw or are terminated. All overpayments will remain the responsibility of the student. A student who is a military reservist or National Guardsman that is called for active duty or drill duty will be granted a temporary leave of absence and can resume instruction upon return without penalty.

26.1 Refund Definition
Refers to refund of tuition and fees that the school makes to a student or funding source after the student has withdrawn or is dropped from school. The actual amount of the refund is determined according to the school’s policy. However, if the student received financial aid from the Student Federal Financial Assistance Programs under Title IV (with the exception of College Work Study), a portion of the refund must be returned to those funding sources. GPTC calculates the return of these “title IV funds” based on the payment period. Funds are returned to programs in the following order:
A. Federal Pell Grant
B. Federal Supplemental Opportunity Grants
C. Other SFA Programs
D. Other federal, state, private or institutional sources of aid.

Formula to Calculate Aid Return to Title IV funds: (See Financial Aid office for calculation worksheet.)

GPTC will return their portion of unearned aid within 30 days of the date the financial aid office was made aware of the student’s last date of attendance. NOTE: GPTC does not participate in student loan programs.

27.0 Insurance
While this school will make every effort to prevent accidents and injuries, the nature of the programs is such that the possibility of injury is greater than that in the regular academic programs. The student is requested to have personal insurance.
28.0 **Telephone**
Except in the case of an emergency, students will not be called out of their classes for telephone calls. Calls on the student phone—located in the Student Office of Bldg #100, #200 and #700—are for student use and calls are limited to one (1) minute.

29.0 **Testing**
All test materials are protected from loss, unauthorized access and reproduction in order to ensure the integrity, security, and confidentiality of all tests and materials. The use of any communication devices, note passing, hand gestures, unauthorized reference materials and disruptive behavior is prohibited in the Testing Center. In addition to Testing Center proctors, the testing rooms are equipped with a video surveillance recording system that is monitored at all times to prevent testing irregularities and/or violations. A student will be removed from the Testing Center immediately and referred to the Campus Director/Principal or his/her designee if found cheating on a test or violating a Testing Center rule, which may result in disciplinary action.

30.0 **Transportation**
Transportation will be provided to each of the high schools in the district. Secondary students will be expected to conduct themselves on the school bus the same as the classroom. The bus driver has the same authority as the school teacher.

31.0 **Cars**

31.1 All cars must be parked properly upon arrival and not moved until the end of the class session. All cars must be registered and the decal must be properly displayed. Students will not be permitted to loiter in the parking lots or sit in cars during the break or lunch periods. If at any time a student violates the rules and regulations concerning driving of personal vehicles, driving privileges will be revoked. The student will then be required to find other means of transportation.

31.2 If the partner high school permits, secondary students may drive their personal cars to Great Plains Technology Center. Students that drive their personal cars must be in class at the regularly scheduled class time.

31.3 The speed limit on campus for all automobiles is 10 miles per hour. Students violating this regulation will have their driving privileges taken away.

32.0 **Parking**
Students shall park in assigned areas only. Unregistered or improperly parked vehicles are subject to being towed at the owner’s expense. Vehicles may pull or back into parking spaces. The front or rear of the vehicle shall not obstruct the walkway.

33.0 **Leaving Campus**
Secondary students will not be allowed to leave campus without proper clearance from their instructor and the Student Office. Adult students must clear with their instructor before leaving the school grounds during class hours.

34.0 **Visitors**
Visitors wishing to tour our facility must report to the administrative offices. Visitors will not be allowed to visit students during class except with the permission of the administrative office.

35.0 **Student Identification Badges**
Students will be issued identification badges at the beginning of the school year (or date of entry into program). Badges will be worn appropriately during the time a student is attending Great Plains Technology Center’s campus or in their respective clinical sites. Students will not be permitted to participate in live projects, work in shop/clinical sites, or use cafeteria services (during break periods) on campus without a proper identification badge. Students are required to present their Great Plains Technology Center identification badge when utilizing the Testing Center.

35.1 **Lost or Altered Badges**
Students will be responsible for replacement of lost or altered identification badges. The cost is $2.00 and badges can be purchased in Great Plains Technology Center’s bookstore. Failure to comply will result in disciplinary actions. Badges must be turned in upon withdrawal or completion of program. The Campus Director/Principal or the S.C.O.R.E. Director may dispense a temporary identification badge to a student to allow them to participate in on-campus activities for a period (not to exceed 3 days) to allow the student time to obtain a replacement. Temporary Great Plains
Technology Center identification badges will not be accepted in the Testing Center without authorization from the Campus Director/Principal or his/her designee.

36.0  **Care of Books and Equipment**
A great deal of money has been invested in upgrading and maintaining equipment and textbooks. Each student will be responsible for the care of all school owned property assigned to his/her custody. If the items are lost, destroyed or stolen through irresponsible action, the student will be charged the purchase price for replacement. Normal wear and tear is understandable in the educational process.

37.0  **Alarms**
The Great Plains Technology Center has a system of alarms used in case of fire, severe weather activity, or other emergencies. This alarm system will be sounded and explained to the students during the initial portion of the school year. Safety drills will also be practiced periodically during the school year.

38.0  **Diabetic Medical Management**
In accordance to The Diabetes Management Schools Oklahoma Statues 121096 of Title 70, Great Plains Technology Center will have on file a “Diabetic Medical Management Plan” on all high school students with diabetes and allow these students to self-manage their diabetes on school property. A copy of the student’s “Diabetic Medical Management Plan” will be provided by the student’s partner school and a copy will be kept in the student’s records, by the student’s teacher and by the school nurse. The teacher, school nurse, and other personnel will be directed in the individual needs of the student by the student’s “Diabetic Medical Management Plan” in order to provide a safe and optimal learning environment for the student with diabetes.

39.0  **Communicable Disease Policy**
GPTC strives to provide a safe environment for all students and employees that is conducive for education and training. Communicable diseases are transmitted from person to person. Early identification signs and symptoms of communicable disease is extremely important to increase the health of the school and decrease school absenteeism. For the protection of all students and staff, individuals should be kept home or will be sent home in the following situations:

- Individuals with a fever of 100 degrees or more will be sent home and may return when the individual is fever free for a 24 hour period without the use of fever reducing medications (Tylenol, Motrin, etc.).
- Individuals with vomiting and/or diarrhea will be sent home and may return when the individual has not had an episode for a 24 hour period without the use of medication (Imodium, Pepto Bismol, etc.).
- Individuals with any type of rash will be sent home. A rash is defined as an eruption or oozing of the skin. Individuals may return the following day if the rash is no longer visible. If the rash remains, then a clearance must be obtained from a physician stating the diagnosis and they are clear to return to school.
- Individuals with any inflammation of the eye or lid will be sent home and may return to school when a clearance has been obtained by a physician.

When there is reasonable doubt as to the contagiousness of any individual who has been sent home from school for infectious disease, a written statement from the physician can be required before the individual is allowed to return to school.

40.0  **Medical Marijuana Policy**
Regardless of a student, employee, parent or any individual’s status as a medical marijuana license holder, marijuana is not allowed on the premises of the technology center or in any school vehicle or any vehicle transporting a student under any circumstances. While the use of medical marijuana in conjunction with the possession of a medical marijuana license is legal in the State of Oklahoma, marijuana is a prohibited controlled substance under federal law regardless of the use being for medical purposes. Accordingly, possession of marijuana by a student, employee, parent or any individual, notwithstanding the possession of a medical marijuana license, is strictly prohibited while on the premises of the technology center and in school vehicles; going to and from and attending technology center sponsored functions, events, and activities, including those technology center sponsored functions, events and/or activities which occur in a location other than the premises of the technology center; utilizing technology center equipment or transportation; and in any other instance in connection with the technology center where the technology center reasonably deems the possession of marijuana to be illegal.

In the event that a student, employee, parent or any individual is found to possess or to have possessed marijuana in any of the instances stated above, the technology center may proceed with all actions and consequences that are afforded under any state or federal law, employment contract, technology center policy, student handbook provision, or any other authority applicable to or adopted by the technology center.
40.1 Definitions
   The terms “marijuana” and “possession of marijuana” will be interpreted by the technology center in accordance with state and federal law. The term “marijuana” includes, but is not limited to, any form of marijuana; all parts of the plant Cannabis sativa L., whether growing or not; marijuana seeds; marijuana oil, extract, resin, or residue; cannabidiol in any form; and marijuana edibles. Any conflict between state and federal law as to the definition of “marijuana” or “possession of marijuana” will be interpreted in favor of federal law.

40.2 Non-discrimination
   There will be no discrimination in the technology center because of an individual’s status as a medical marijuana license holder.

40.3 Overlap with Other Technology Center Policies
   The technology center recognizes that the legal aspects and consequences of medical marijuana are new and possibly subject to change. These legal aspects and consequences of medical marijuana affect many areas of the technology center’s current policies regarding employees, students, parents and individuals on technology center premises or attending technology center events. The technology center will continue to enforce its current adopted policies. As the need arises with changes in state and/or federal law, the technology center will consider and/or examine technology center policies in order to assess whether revisions, if any, may be needed to a technology center policy in order to comply with state and federal law.

40.4 Employees
   Employees of the technology center are expected to comply with state and federal law at all times as a term of their continued employment with the technology center. In that regard, employees are hereby notified that any person who uses or is addicted to marijuana, regardless of whether his or her state has passed legislation authorizing marijuana use for medicinal or recreational purposes, is an unlawful user of or addicted to a controlled substance and is prohibited by federal law from possessing firearms or ammunition. See Bureau of Alcohol, Tobacco, Firearms and Explosives (“ATF”) open letter to all federal firearms licensees (https://www.atf.gov/file/60211/download) Employees are expected to adhere to any and all open letters, formal opinions, directives, or any other instruction provided by federal or state agencies regarding state and/or federal law.

43.0 Social Media Policy

43.1 Introduction
Great Plains Technology Center recognizes that access to technology in school gives users greater opportunities to learn, engage, communicate, and develop skills that will prepare them for work, life, and citizenship. We are committed to helping individuals develop 21st-century technology and communication skills.

To that end, we provide access to technologies for student and staff use. This Social Media Policy outlines the guidelines and behaviors that users are expected to follow when using school technologies or when using personally-owned devices on the school network.

Lines are easily blurred between personal and professional social media accounts. Great Plains respects and honors an individual’s right to freedom of speech. However, an employee’s social media posts on either a professional or personal account, that disrupts Great Plains’ instructional or business service delivery is prohibited and may result in disciplinary actions.

A. The network is intended for education/business purposes.
B. All activity over the network or using district technologies may be monitored and retained.
C. Access to online content via the network may be restricted in accordance with our policies and federal regulations, such as the Children’s Internet Protection Act (CIPA).
D. Users are expected to follow the same rules for good behavior and respectful conduct online as offline.
E. Misuse of school resources can result in disciplinary action.
F. We make a reasonable effort to ensure users’ safety and security online, but will not be held accountable for any harm or damages that result from misuse of school technologies.
G. Users of the network or other technologies shall alert IT staff at helpdesk@greatplains.edu or 351-6710 immediately of any concerns for safety or security.

In conjunction with Great Plains Technology Center’s Internet Acceptable Use Policy, GPTC will grant controlled access to all social media accounts for educational purposes. These requests must be made in writing, with an educational/business purpose identified, and approved by the supervisor and director of information technology.

Once access is granted, the career major teacher/director or business service coordinator is responsible for providing education to users regarding proper use of a school-sponsored account.

All electronic records created with Great Plains Technology Center’s equipment or in association with an official social media account are subject to the Open Records Act. All users should be aware that all GPTC electronic records may be requested and Great Plains must provide those records according to the laws of the State of Oklahoma.

Proper use and training include but are not limited to:
A. Providing professional development and user training on the requirements of open records for GPTC, emphasizing that all communication on GPTC servers and sponsored pages are subject to the open records act.
B. Complying with the GPTC Media Style Guide, as developed by the Communications and Marketing department. This guide will establish appropriate cover photos, icons, and graphics, and other style elements for Great Plains Technology Center-sponsored accounts.
C. Maintaining a professional voice in all communications sent via a Great Plains sponsored account.
D. Obtaining media releases from employees, students, and clients who might appear on the account. Blanket release signage may be developed to obtain implied permission to post pictures from public event such as job fairs, trade shows, and other events in which members of the public may participate.
E. Developing and monitoring the sharing of any social media post previously online.
F. Recognizing that disclosing proprietary or personal information about students, clients, or other users of a Great Plains sponsored site, whether in visual, printed, or audio media, without their permission is prohibited on personal and/or professional social media accounts.

43.2 Professional Boundaries
All employees are expected to observe and maintain professional boundaries between themselves and students. A violation of professional boundaries will be regarded as a form of misconduct and may result in disciplinary action.
The following non-exclusive list of actions will be regarded as a violation of the professional boundaries that employees are expected to maintain with a student:

A. Using email, text messaging, instant messaging or social-media sites to discuss with a student a matter that does not pertain to school-related activities.
B. Establishing personal relationships and fraternizing with students on social-networking sites such as Facebook, Instagram, Twitter, or other social-media sites. Materials that employees post on social networks that are publicly available to those in the school community must reflect that professional image applicable to the employee’s position and not impair the employee’s capacity to maintain the respect of student and parents/guardians or impair the employees ability to serve as a role model for our students.

Acceptable use includes:

A. Appropriate discussions would include the student’s schoolwork, class activity, CareerTech Student Organization, or other school-sponsored activity.
B. Electronic communications with students are to be sent simultaneously to multiple recipients, not just to one student, except where the communication is clearly school-related and inappropriate for other students, or irrelevant for persons other than the individual student to receive (for example, a message about a student’s grades).

Appropriate exceptions are permitted to the foregoing for legitimate health or education purposes and for reasons of familial relationships between employees and their children or other family members who are students.

43.3 Personal Safety
If you see a message, comment, image, or anything else online that makes you concerned for your personal safety, bring it to the attention of an instructor, supervisor, or IT department at helpdesk@greatplains.edu or 351-6710 immediately. Users should never share confidential, personal or financial information.

46.0  **Clery Act / Violence Against Women Act Compliance**  
Campus security policies, procedures and reporting, as required by the Clery Act and the Violence Against Women Act, are detailed in the Annual Security Report. The Annual Security Report is available for review in the Student Support Services department.
All GPTC employees are designated as Campus Security Authorities (CSA) with the exception of a professional counselor who is “providing mental health counseling to members of the institution’s community and who is functioning within the scope of the counselor’s license or certification”. This exemption is intended to protect the counselor-client relationship. However, even the legally recognized privileges acknowledge some exemptions, there may be situations in which counselors are in fact under a legal obligation to report a crime.

The function of a campus security authority is to report to the GPTC Campus Director/Principal or his/her designee, any allegations of Clery Act crimes that he/she receives.

CSAs are responsible for reporting allegations of Clery Act crimes that are reported to them in their capacity as a CSA. This means that CSAs are not responsible for investigating or reporting incidents that they overhear students talking about in a hallway conversation; that a classmate or student mentions during an in-class discussion; that a victim mentions during a speech, workshop, or any other form of group presentation; or that the CSA otherwise learns about in an indirect manner.

A CSA is not responsible for determining authoritatively whether a crime took place—that is the function of law enforcement personnel. A CSA should not try to apprehend the alleged perpetrator of the crime. That too is the responsibility of law enforcement.

Clery Act and Violence Against Women Act crimes are defined as:

1. **Criminal Offenses**—Criminal Homicide, including Murder and Non-negligent Manslaughter, and Manslaughter by Negligence; Sexual Assault, including Rape, Fondling, Incest and Statutory Rape; Robbery; Aggravated Assault; Burglary; Motor Vehicle Theft; and Arson.

2. **Hate Crimes**—Any of the above-mentioned offenses, and any incidents of Larceny-Theft, Simple Assault, Intimidation, or Destruction/Damage/ Vandalism of Property that were motivated by bias;

3. **VAWA Offenses**—Any incidents of Domestic Violence, Dating Violence and Stalking. (Note that Sexual Assault is also a VAWA Offense but is included in the Criminal Offenses category for Clery Act reporting purposes); and

### 47.0 Domestic Violence/Violence Against Women

In the course of any disciplinary proceeding of an alleged sexual offense, both the accuser and the accused will be entitled to the same opportunities to have others present. In addition, both the accuser and the accused will be informed of the outcome of the proceeding and any sanctions imposed following such a proceeding.

The Student Support services Department shall maintain information including:

- Rape
- Acquaintance Rape
- Forcible Sexual Assault
- Non-forcible Sexual Assault

This information shall be available to all students through the Campus Crime Report, and its existence and location will be given to all students during student orientations. Students may also be referred to online sources for information, including resources defining sexual assault, prevention of sexual assault, and both male and female roles in sexual assault. This list of resources will be made available in the Student Support Services Department and will be distributed to all teachers during orientation. This information shall also appear in the Student Handbook, which is available to all students and parents of students on the Great Plains Technology Center website.

Students will also be informed regarding the presence of security on campus and available assistance in notifying the authorities, if the student requests such assistance.

48.1 Philosophy of Financial Aid

The Great Plains Technology Center believes that the talents, hopes and ambitions of our young people and adults are among the most valuable resources this nation possesses. With this thought in mind, Great Plains Technology Center will, therefore, make every effort for students to attend school who would normally be deprived of an education because of inadequate funds.

Great Plains Technology Center believes the primary responsibility for financing education lies first with the student and his/her family (parents or spouse.)

The Office of Student Financial Aid was established to coordinate all financial assistance offered by the school and to ensure that the established principles are observed in the administration of student aid programs at the Great Plains Technology Center.

All VA beneficiaries utilizing VA funds must turn in all transcripts/training records, to include his/her military transcript and transcripts from all prior post-secondary institutions, to be evaluated for prior credit, whether or not prior credit is granted.

If a student was convicted of both possessing and selling illegal drugs and the periods of ineligibility are different the student will be ineligible for the longer period.

A student regains eligibility the day after the period of ineligibility ends or when he/she successfully completes a qualified drug rehabilitation program. Further drug convictions will make him/her ineligible again.

When a student regains eligibility during the award year, the school may award Federal Student Aid Funds for the current payment period.

Students whose eligibility has been suspended due to a drug conviction may resume eligibility if they successfully pass two (2) unannounced drug tests conducted by a drug rehabilitation program that complies with criteria established under HEA Sec. 484(r)(2) and 20 U.S.C. 1091 (r)(2).

Standards for a qualified drug rehabilitation program must include:
A. Be qualified to receive funds directly or indirectly from a federal, state or local government program.
B. Be qualified to receive payment directly or indirectly from a federally or state-licensed insurance company.
C. Be administered or recognized by federal, state or local government agency or court.
D. Be administered or recognized by a federally or state-licensed hospital, health clinic, or medical doctor.

Students are given written notice advising them that a conviction of illegal drugs, of any offense, during an enrollment period for which the student was receiving Title IV financial aid will result in the loss of eligibility for any Title IV per HEA Sec. 484(r)(1) and 20 U.S.C 1091(r)(1).
48.2.4 Incarcerated Applicants
A student is considered to be incarcerated if he/she is serving a criminal sentence in a federal, state, or local penitentiary, prison, jail, reformatory, work farm, or similar correctional institution (whether it is operated by the government or a contractor). A student is not considered to be incarcerated if he/she is in a halfway house or home detention or is sentenced to serve only weekends. Our attendance policy states that all classes and practical studies are done at the school’s physical location; therefore incarcerated students are not eligible for admission.

48.3 Payment Schedule and Satisfactory Progress

48.3.1 Payment Schedule
Students are paid the 1st disbursement of their Federal Financial Aid at the beginning of the 1st pay period, approximately 4-6 weeks after their start date. Remaining payments are based on satisfactory grade average and attendance for the previous pay period. Pay period dates are different for each student depending on career major enrolled and start dates. Upon receipt of an award letter the student is issued a list of estimated financial aid disbursement dates.

48.3.2 Satisfactory Progress
In order to receive Title IV Federal Financial aid at Great Plains Technology Center, a student must be in good standing and making satisfactory progress according to the institutional standards. The standards are as follows:

Good standing is initially defined as the student being eligible for admission to an eligible educational program. Beginning with the 2012-2013 award year students must have a high school diploma, GED or complete his or her state’s requirement applicable to home schooling to receive Federal Financial Aid. Satisfactory progress in attendance and academic work is a requirement for all students enrolled at Great Plains Technology Center. Federal regulations require all schools participating in state and federal financial aid programs to monitor SAP. These standards are applicable to all students attending Great Plains.

Continued eligibility is based on meeting minimum standards in terms of conduct, grades and Great Plains Technology Center’s attendance policy. Students are allowed 8 absences per pay period.

Satisfactory progress is determined at payment period intervals.

Satisfactory progress reports are sent to instructors to complete at the end of each payment period.

Great Plains Technology Center requires its students to maintain Satisfactory Academic Progress (SAP) as established by Great Plains in order to continue to matriculate at the school and to continue to be eligible to participate in the federal government’s Title IV financial aid programs. These standards apply to all students, regardless of their status (full-time or part-time). All students must comply with the following standards:

A. Satisfactory progress is defined by the institutional policy as having a grade of “C” or better at the end of a pay period AND student must complete work at a pace that enables completion in the allotted hours in the Career Major. Specifically this means that a student enrolled in a 1050 clock hours Career Major attending full time should complete the Career Major in nine (9) months. All students must maintain a cumulative academic average of “C” for all Great Plains Technology Center Career Majors.

B. All students are held responsible for regular and punctual attendance. Great Plains Technology Center students may not be absent for more than eight (8) days per semester (pay periods for Federal Student Aid funded students).

C. All students must complete the program within one and one-half (1 1/2) times the normal length of time required to complete the program as defined in the enrollment agreement. This time frame will be measured in terms of clock hours attempted.

Students who have more than 5 days of consecutive absences will be dismissed (unofficially withdrawn). This standard shall apply to all students except those on an approved Temporary Interrupt (leave-of-absence). Students who expect to be absent 5 or more days are encouraged to request a Temporary Interrupt (leave-of-absence).

In addition to attendance standards relating to Satisfactory Academic Progress (SAP), students are also required to adhere to certain other general institutional policies relating to attendance and tardiness. These policies are outlined in the Student Handbook.
**Quantitative Requirement:**
All students must complete their educational program in no longer than 150% of the published length of the program. A Temporary Interrupt (leave-of-absence) will extend the student's contract period and maximum time frame, by the same number of days in the temporary interrupt (leave-of-absence).

All clock hours at the Institution and transfer hours must be counted toward the 150% eligibility whether a student received Title IV federal student aid or not in order to graduate within the maximum time frame.

Students must also meet the attendance requirement as outlined in the Great Plains Technology Center Student Handbook.

**Academic Year Definition:**
Great Plains Technology Center academic year is defined as 900 clock hours and 26 weeks for Title IV purposes. For Title IV payments the student must meet both clock hours and weeks of instruction as well as complying with all standards for Satisfactory Academic Progress before they can receive further Title IV payments.

**Evaluation Periods:**
Student compliance with the policy for Satisfactory Academic Progress is divided into evaluation periods and is assessed at each of the following times:

*Example:* For all 1050 clock hour Career Majors, a student is evaluated at the increments in which the student is scheduled to reach 450 clock hours.

*Example:* For the 707 clock hour Firefighter Career Major, a student is evaluated at the increments at which the student is scheduled to reach 353 clock hours.

In the event a student reaches his/her scheduled graduation date and has hours remaining to complete, the student will receive additional evaluations; either at the time the student is scheduled to reach each additional 450 clock hours or at the time of actual completion of the remaining hours, whichever occurs first.

**Financial Aid Warning Status:**
Students who fail to meet minimum requirements (90% cumulative attendance for Great Plains Technology Center Career Majors and no more than 8 total absences per pay period and a grade average of "C" for attendance and academic progress at the end of a payment period will be placed on a Financial Aid Warning. A student on Financial Aid Warning may continue to receive assistance under the Title IV HEA programs for one payment period. At the end of the payment period if the student has met the minimum grade and attendance requirement the student is considered to be meeting Satisfactory Academic Progress (SAP).

If the student is not meeting SAP at the end of the Financial Aid Warning period, the student will not be eligible to receive Title IV, HEA funds until student has reached SAP.

If a student is making SAP at the end of the Financial Aid Warning, they shall be returned to normal SAP status with no loss of Title IV eligibility.

**Returning Student From A Leave of Absence or Withdrawal:**
All students who have withdrawn or taken a Temporary Interrupt (leave-of-absence) and choose to re-enter into a course, will be placed under the same satisfactory or unsatisfactory progress status prevailing at the time of the prior withdrawal or leave.

**Re-establishment of Satisfactory Academic Progress:**
Students may re-establish satisfactory academic progress by meeting minimum attendance and academic requirements at the next evaluation period.

**Reinstatement of Financial Aid:**
Title IV, HEA funds will be reinstated to qualified students who have re-established academic program by meeting the minimum cumulative attendance and academic requirements at the end of a payment period and are able to complete their Career Major within the maximum time frame.

**Noncredit and Remedial Courses:**
Noncredit and remedial courses do not apply at Great Plains Technology Center. Therefore, these items have no effect upon the school’s Satisfactory Progress Standards.
Transfer Students

Great Plains Technology Center will accept transfer hours from other schools based on an evaluation of the
student’s comprehension of the course material.

Please note that students transferring to another school may not be able to transfer all the hours they earned at
Great Plains Technology Center; the number of transferable hours depend on the policy of the receiving school.

Transfer hours accepted by the school are applied to the total number of hours necessary to complete the
program and are considered for both attempted and completed hours for the purpose of determining when the allowable
maximum time frame has been exhausted. Satisfactory Academic Progress (SAP) evaluation periods are based on
actual contracted hours at the institution.

Transfer students must meet the following criteria:
A. If he/she is transferring hours from another school, he/she will be asked to request a transcript. Tuition
   and hourly credit will be awarded as verified by the transcript.
B. If the prospective student is transferring instructional hours from a school in another state, the instruction
   provided must be recognized and accepted by the State Board of Oklahoma.
C. Transfer students will not be allowed to enroll until they have officially terminated their
   enrollment at their
   previous school. Tuition and hourly credit will be awarded as verified by the transcript.
D. Tuition charges will be prorated for the remainder of instruction hours needed to complete the course as
   offered by the school. Remaining tuition charges for the course along with enrollment fees will be charged
   accordingly. Transfer students are eligible to receive financial aid, if qualified.
E. All tuition balances must be paid at previous schools to be eligible for enrollment at Great Plains
   Technology Center.

The SAP applies to students transferring from one career major to another. Students are responsible for progress
in the first Career Major (even if they did not receive any federal financial aid) before being eligible for federal financial aid
in the second Career Major. When a student completes one Career Major and enters another Career Major the Courses
of Study in each Career Major are reviewed and students are given advance standing clock hours for repeat courses
inside the Career Majors. The students’ end date and Federal Financial Aid are adjusted accordingly.

### 48.6 Types of Financial Aid Available

**Federal Pell Grant**
The Federal Pell Grant is a federally funded grant program, which provides up to $5,910 per year to post-secondary students enrolled in a Full Time Adult Career Major. Free applications for Federal Financial Aid may be obtained from the Financial Aid Office, Building, 100, Room 107.

Application for FSEOG is the same procedure as applying for Pell Awards. Awards are issued by financial aid office to those students with the lowest EFC figures and are within aid budget limits. Awards depend on student need availability of FSEOG funds at the school, and the amount of other aid the student is receiving. Students will be notified by a letter sent through regular mail of their award. The maximum FSEOG award at Great Plains Technology Center is $200 for those students attending both the Fall and Spring semesters.

**48.9 Oklahoma Tuition Aid Grant (OTAG)**
Student State Incentive Grants are known in Oklahoma as Oklahoma Tuition Aid Grants (OTAG). Application is made using the same application for PELL. The grants pay up to ¾ the cost of tuition for eligible residents of Oklahoma. Eligibility is based upon full time enrollment, status as a resident, and need for the grant that is evident by an analysis of application information. Students are advised of awards by letter from the Oklahoma State Regents of Higher Learning. Payment is made by check, usually once in the Fall and another in the Spring.

**48.10 Verification**
Students selected for verification by the Department of Education will be notified on their Student Aid Report or by the Financial Aid Office. The financial aid office will notify the student if documentation if required.

**48.11 Refund Policy as Related to Receipt of Title IV Financial Assistance**

**Refund Definition:** Refers to refund of tuition and fees that the school makes to a student or funding source after the student has withdrawn or is dropped from school. The actual amount of the refund is determined according to the school’s policy. However, if the student received financial aid from the Federal Student Aid (FSA) Programs under Title IV (with the exception of College Work Study), a portion of the unearned Title IV aid must be returned. Great Plains
Technology Center calculates the return of these “Title IV funds” based on the payment period. Funds are returned to the Title IV, HEA programs in the following order: (Note: Great Plains Technology Center does not participate in direct Loan programs.)

A. Federal Pell Grant
B. Iraq and Afghanistan Service Grant for which a Return is required.
C. Federal Supplemental Opportunity Grants
D. Other FSA programs
E. Other federal, state, private, or institutional sources of aid.

48.13 Treatment of Title IV Funds Upon Withdrawal From A Clock Hour Career Major/Return of Title IV Funds

The law now specifies how the school must determine the amount of Student Financial Aid program assistance a student earns if the student withdraws. The law requires when a student withdraws during a payment period or period of enrollment for which the student has been charged, the amount of Student Federal Financial Aid the student has earned up to that point is determined using a specific formula. If the student received (or the school applied the aid to tuition and/or fees and/or books) less assistance than the amount that the student earned, the student will be able to receive those additional funds. IF the student received more assistance than the student earned, the excess funds must be returned.

When a student applies for financial aid, the student signs a statement that they will use the funds for educational purposes only. Therefore, if the student withdraws before completing the career major, a portion of the funds they receive may have to be returned. Great Plains Technology Center will calculate the amount of tuition to be returned to the Federal Fund programs according to the policies listed below.

This policy applies to students who withdraw (officially or unofficially) or fail to return from a leave of absence, or are dismissed from enrollment at Great Plains Technology Center. It is separate and distinct from the Great Plains Technology Center refund policy. (Refer to institutional refund policy.)
The calculated amount of the return of Title IV funds that is required for the students affected by this policy are
determined according to the following definitions and procedures as prescribed by regulations.

The amount of Title IV aid earned is based on the amount of time a student spent in academic attendance and the
total aid received; it has no relationship to a student’s incurred institutional charges. Because these requirements deal
only with Title IV, HEA funds, the order of return of unearned funds do not include funds from sources other than the Title
IV programs.

Great Plains Technology Center measures progress in Clock Hours and uses the payment period for the period of
calculation.

Title IV funds are awarded to the student under the assumption that he/she will attend school for the entire period
for which the aid is awarded. When a student withdraws, he/she may no longer be eligible for the full amount of Title IV
funds that were originally scheduled to be received. Therefore, the amount of Federal funds earned must be determined.
If the amount disbursed is greater than the amount earned, unearned funds must be returned.

The institution has 30 days from the date that the institution determines the student withdrew to return all
unearned funds for which it is responsible.

**Official Withdrawal Process**
To officially withdraw from Great Plains Technology Center, students must contact the Student Office located in
Building 100 to complete an official Withdrawal form.

**Unofficial Withdrawal Process**
An unofficial withdrawal will be completed on any student who is absent five (5) consecutive school days without
contacting the school and the effective date shall be the last date of attendance.

**Withdraw before 60%**
The institution must perform a R2T4 to determine the amount of earned aid through the 60% point in each
payment period or period of enrollment.

The institution will use the Department of Education’s prorated schedule to determine the amount of the R2T4
funds the student has earned at the time of withdrawal.

Students are notified by letter within 30 days if a balance is due based on the Return to Title IV calculations.

Students have 45 days from the date of the letter to repay the school the amount due. At the end of the 45-day period, if
the student fails to pay the amount due, he/she will be reported to the U.S. Department of Education for collection and an
overpayment alert will be posted in NSLDS by the school. The student will not be eligible for Title IV assistance until the
overpayment is resolved.

**Earned Aid at 60%**
Title IV aid is earned in a prorated manner on a per diem basis (calendar days or clock hours) up to the 60% point
in the semester. Title IV aid is viewed as 100% earned after that point in time. A copy of the worksheet used for this
calculation can be requested from the Financial Aid Coordinator.

The withdrawal date is determined by the school’s student accounting system and shall be the last date of attendance.

Great Plains Technology Center measures progress in Clock Hours and uses the payment period for the period of
calculation.

**Post-Withdrawal Conditions Where a Student May be Eligible for Title IV Disbursement after
Withdrawal.**

If a student did not receive all of the funds that he/she has earned, he/she may be due a post-withdrawal
disbursement. The school is required to notify the student if they owe a repayment via written notice. The school must
advise the student or parent that they have 14 calendar days from the date that the school sent the notification to accept a
post withdraw disbursement. If a response is not received from the student or parent within the allowed time frame or the
student declines the funds, the school will return any earned funds that the school is holding to the Title IV programs.

Post-withdrawal disbursements may occur within 90 days of the date that the student withdrew.

Great Plains Technology Center will issue a grant overpayment notice to a student within 30 days from the date of
the school’s determination that student withdrew, giving the student 45 days to either:

a) Repay the overpayment in full to Great Plains Technology Center OR;

b) Sign a repayment agreement with the U.S. Department of Education.
Order of Return
Great Plains Technology Center is authorized to return any excess funds after applying them to outstanding balances on previous periods or other remaining institutional cost to the separate funds in the order of Pell Grant and then student.

Student can request a sample of the Institutional Return to Title IV Calculation work sheet from the Financial Aid Office.

- Federal Pell Grant
- Iraq and Afghanistan Service Grant for which a Return is required
- Federal Supplemental Opportunity Grants
- Other FSA Programs
- Other federal, state, private or institutional sources of aid

Great Plains Technology Center will return their portion of unearned aid within 30 days of the date the financial aid office was made aware of the student’s last date of attendance and/or withdrawal.

Institutional Responsibilities
Great Plains Technology Center’s responsibilities in regards to Title IV funds follow: a) Providing students information within this policy; b) Identifying students who are affected by this policy and completing the return of the Title IV funds calculations for those students; c) Returning any Title IV funds due the Title IV programs.

The institution is not always required to return all of the excess funds; there are situations once the R2T4 calculations have been completed in which the student must return the unearned aid.

Overpayment of Title IV
Any amount of unearned grant funds that a student must return is called overpayment. The amount of grant overpayment that a student must repay is half of the grant funds he/she received or was scheduled to receive. A student must make arrangements with Great Plains Technology Center or the Department of Education to return the amount of unearned grant funds.

Student Responsibilities in Regard to Return of Title IV Funds
Includes: a) Returning to the Title IV programs any funds that were dispersed to the student in which the student was determined to be ineligible for via the Return of Title IV funds calculation; b) Any notification of withdraw should be in writing and addressed to the appropriate institutional official; c) A student may rescind his or her notification of intent to withdraw but any submission of such notice must be filed in writing; d) Either of these notifications, to withdraw or rescind to withdraw, must be made to the official records/registration personnel at the school.

Refund vs. Return to Title IV
The requirements for the Title IV program funds, when a student withdraws, are separate from any refund policy that Great Plains Technology Center may have to return to the student due to a cash credit balance. Therefore, a student may still owe funds to the school to cover unpaid institutional charges. If the student does not already know what Great Plains Technology Center’s Policy is, he/she can refer to the Great Plains Technology Center’s Student Handbook.

Return to Title IV Questions?
If a student has questions regarding Title IV program funds after visiting with the Financial Aid Coordinator the student may call the Federal Student Aid Information Center at 1-800-4-FEDAID (800-433-3243). TTY users may call 800-730-8913. Information is also available @ www.studentaid.ed.gov.

49.0 Tuition Payment & Out of District Fee
Tuition and/or documentation from your funding agency is due by the first day of class each semester. If the student withdraws the first day of class, no tuition and fees are due. If the student withdraws between the 2nd and 10th scheduled school days of class, 25% of the tuition and fees are due. If the student withdraws after the 10th scheduled school day, 100% of the tuition and fees are due. Students residing in the Great Plains Technology Center district will be given preference over out-of-district applicants. Students residing in districts outside the Reciprocity Agreement will be considered out-of-district and will be charged an additional $1000.00 for out-of-district fee. Students residing in Cheyenne, Hollis, Mangum, Middleburg, Rush Springs and Terral will be charged the $1000.00 out-of-district fee because their school districts are not members of any Technology Center district.
50.0 Constitution Day
Great Plains Technology Center complies with legislation passed by Congress which states educational institutions receiving Federal Funding are required to hold an educational program pertaining to the United States Constitution on September 17 of each year for students served by the educational institution. When September 17 falls on a Saturday, Sunday or a holiday, Great Plains Technology Center will hold Constitution Day activities within the preceding or following week.

51.0 Career Tech Student Organizations
Career Technology’s commitment to student organizations stems from the belief that the total development of individuals is essential to the preparation of competent workers. Research and experience have shown us that student organization activities are the most effective way to teach some of the critical skills that are necessary if our students are to reach their fullest potential.

Great Plains Technology Center offers the opportunity for every student to participate in one of six (6) student organizations. These organizations are considered an integral part of each program offered at Great Plains Technology Center and are sponsored by the instructors. Each career major is part of a division within education, and each division sponsors a student organization. The seven (7) organizations, along with their respective divisions, represented at Great Plains Technology Center (Comanche County Campus) are as follows: Business Professionals of America (BPA), Business Education Division; Health Occupations Students of America (HOSA), Health Service Careers; SkillsUSA, Trade and Industrial Education Division; Technology Students of America (TSA), STEM Division; Family, Career and Community Leaders of America (FCCLA), Family Consumer Sciences Education Division, and Educators Rising, Guidance Division; Future Educators Association (FEA). Great Plains Technology Center (Tillman/Kiowa County Campus) offers: BPA, SkillsUSA, & HOSA only.

52.0 Chapter Unit
Each secondary career major at Great Plains Technology Center will be a unit of the respective student organization club chapter and should elect a slate of officers. This slate of officers should consist of a minimum of three (3); President, Secretary/Treasurer, and Reporter.

The major functions of the chapter units are as follows:
A. Conduct business relating to their class activities;
B. Participate in fund-raising activities;
C. Support the all school chapter activities.

Each program instructor will be the advisor for his/her respective class.

53.0 Student Organization Policies And Regulations

53.1 Fund Raising
Any of the individual and chapter’s students will be permitted to have approved fund raising activities to include crowd funding. Each activity must be cleared with the administration. There will be no fund raising activities in partner high schools.

53.2 Activity Trips
All trips or activities, regardless of location, must be scheduled through the Activities Coordinator and Campus Director/Principal. Student’s attending activities (whether away from school or on school property) will be subject to the provisions of the student code. Students must be deemed eligible by their home school before attending any Great Plains Technology Center sponsored activity, which involves being absent from their home school classes.

53.3 Activity Trips Fees
If a trip involves a fee, in most cases this fee will be paid by the organization’s activity account. If a student commits to attend the trip and the fee is prepaid, that student must attend the trip or reimburse the organization the total amount prepaid.
